## NEW STATE CORPORATIONS ESTABLISHED

As of 5 January 1950, the Minister of Heavy Industry, in agreement with the chairman of the State Commission for Economic Planning and the Minister of the Treasury, ordered the formation of the following as state corporations:

1. Chemical Plants, producing pharmaceutical semimanufactures, Pabianice.
2. Soda Plants, producing soda and other chemical compounds, Krakow.
3. Associated Factories for the Construction and Repair of Chemical Apparatus, producing special chemical apparatus and equipment and performing engineering services, Gliwice.
4. Management for the Construction of Soda Plants, whose task is the construction of factories and activating the production of soda and other chemical compounds, Inowroclaw.
5. Chemical Plants, producing industrial resin and plastics, Pustkow.
6. Soda Plants, producing soda and other chemical compounds, Matwy.

The above-listed enterprises will be under the jurisdiction of the Central Administration of the Chemical Industry.

The following state corporations will be under the jurisdiction of the Association of the Inorganic Chemical Industry:

1. Electrochemical Plants, producing inorganic salts and other chemical compounds, Sosnowiec.
2. Electrochemical Plants, producing chlorine gas, hydrogen peroxide, carbon (produced by the thermoelectric process for special purposes), and other chemical compounds, Zabkowice.

3. Inorganic Chemical Plants, producing lampblack, inorganic salts, and other chemical compounds, Tarnowskie Gory.

4. Inorganic Chemical Plants, producing inorganic salts and other chemical compounds, Alwernia.

5. Inorganic Chemical Plants, producing inorganic salts and other chemical compounds, Niewiadow.

6. Azot Chemical Plants, producing chemicals for plant protection, inorganic salts, and other chemical compounds, Jaworzno.

The Association of Inorganic Chemical Plants, state corporation, will now operate under the name, "Factory for Chemical Reagents," state corporation, in Gliwice, under the jurisdiction of the Association of the Inorganic Chemical Industry.

All state corporations mentioned herein will operate on the financial principle of interaccount settlements.

#### ENTERPRISES TRANSFERRED UNDER NEW JURISDICTION

As of 5 January 1950, the following state enterprises are under the jurisdiction of the Central Administration of the Chemical Industry: Chorzow Nitrogen Manufacturing Plants, Moscice Nitrogen Manufacturing Plants, and Kedzierzyn Nitrogen Manufacturing Plants. State supervision over these enterprises is vested in the Minister of Heavy Industry.

The following state enterprises are under the jurisdiction of the Minister of Heavy Industry instead of the former Minister of Industry and Trade: Associated Plants of the Boruta Dye Works, Rokita-on-the-Oder Organic Chemical Plants, Chemical Plants, Associated Coke-Chemical Plants, Associated Paint and Varnish Plants, Associated Erg Chemical Plants, Associated Pharmaceutical Plants, and Central Supply Office for the Chemical Industry.

#### ENTERPRISES CONSOLIDATED

On 5 January 1950, the Minister of Heavy Industry, in agreement with the chairman of the State Commission for Economic Planning and the Minister of the Treasury, announced that the Associated Plants of the Boruta Dye Works, a state corporation in Zgierz, would absorb the Associated Plants of the Industry of Dry Distillation of Wood, a state corporation in Lodz, with assets and liabilities as of 1 January 1950.

The Chemical Industry's Bureau of Projects and Research, a state corporation in Gliwice, will take over assets and liabilities of the Enterprise for Construction of Chemical Apparatus, a state corporation in Gliwice, as of 1 January 1950.
